# Workday Learning Quickstart

**If you have Workday Learning, but haven't deployed it yet, leveraging your investment rapidly can help you.**

## You need a partner who can:

- Makes Remote Training Easy
- Promotes Collaboration & Knowledge Sharing
- Develops New Skills
- Reduces Downtime
- Tracks and Monitors Learning
- Teaches Remote Work Skills & Paradigms
- Prepares the Workforce for Recovery
- Delivers Easy-to-Create Content

## How we can help?

Intecrowd's Workday Learning Quickstart can help you upskill or maintain skills and compliance by delivering content to staff for new skills, processes, and required training. Workday Learning facilitates enabling your staff to effectively work remotely and not lose productivity. In addition, in-person and webinar training in Workday Learning increases staff engagement and adoption. Intecrowd is offering to deploy Workday Learning to enable your company to continue to grow and move forward while providing your employees access to important information and learning material.

**Our solution includes basic setup and configuration to get your company up and running on Workday Learning**

The configuration below is our core offering. Learning Configuration can be adjusted or include additional scope to meet your specific needs.

## Learning Configuration Includes:

- Learning Security Roles
  (Learning Administrators, Learners "Employees and Contingent Workers", and Internal Learning Instructors)
- Loading 3 Digital E-Learning Courses
- Loading 3 Blended Courses (In-Person or Webinar)
    - Scheduling 1 offering per Blended Course
- Configuring 1 Learning Campaign for All New Employees or All Current Workers
    - Includes 4 Learning Message Templates
- Deliver 2 of the most commonly requested Learning Custom Reports
